

JOIN THE 2019 ALL STARS PROJECT SUMMER INTERNSHIP PROGRAM

In the **Development School for Youth (DSY)**, young people experience the business world through a series of rigorous, high-level workshops and trainings and learn to perform as professionals.

Graduates are then placed in paid summer internships where they continue to develop their

leadership and professional skills and connect to the world of success.

DSY is a core program of the national All Stars Project. The All Stars Project mission is to transform the lives of youth and poor communities using the developmental power of performance in partnership with caring adults.

“What All Stars is doing—in an amazingly successful way—is giving young people many of those basic building blocks to let them be dynamic, productive, forward thinking members of our society; to introduce them to parts of our world that they have little connection to—the impenetrable business environment, or a world where they just don’t feel confident interacting with people who look quite different from them. All Stars is about breaking down barriers that can trap people their whole lives.”

— **Peter A. Langerman**, CEO, Franklin Mutual Advisers LLC
