About All Stars

The All Stars Project is changing the national dialogue about how to meaningfully impact the lives of people growing up and living in poverty, and the role that “outside-of-school” plays in preparing inner-city youth for success in their lives. At All Stars, inner-city youth participate in hip-hop talent shows, leadership training in partnership with the business community, an internationally award-winning police-community relations program, and more. We have transformed our unique, community-based and grassroots programs, founded in NYC in 1981, into a growing movement reaching 20,000 inner-city youth and families each year in 6 cities, and raising \$10 million annually in private funding.

We have become one of the country's leading Afterschool Development organizations, creating a new national model that uses performance as our approach to helping kids and their families grow on and off the stage, and bridge-building through volunteer and direct partnership initiatives between affluent supporters, their families, and the youth of All Stars.
